Windthorst ISD Teacher Incentive Allotment

Spending Plan

For any funds received by Windthorst ISD for a designated teacher under the Teacher Incentive Allotment (TIA), 90 percent will be paid to the designated teacher. The remaining 10 percent will be used for administrative expenses, professional development related to TIA, and for support staff that assisted the teacher that received the designation. Should the district receive funding for a designated teacher who has resigned or retired, the district will forward payment to the resigned or retired teacher as soon as practicable.

The district identifies TIA allotment funds a supplemental compensation in addition to the districts salary schedule. Upon notification of teacher designations from TEA beginning in April 2023, the district will make one lump sum supplemental payment to each designee in June 2023. The district will follow this payment schedule, with designee receiving lump-sum payments in June of each school year until their designation expires. This district will follow this payment schedule for all new designees in succeeding years.
