Vernon College Representative Visiting

On Monday February 14, the CTE Navigator from Vernon College will be meeting with the juniors and seniors during their English classes. FAFSA, applications and scholarships will be among the topics covered.

The Kids Heart Challenge is brought to you by the American Heart Association. As a Kids Heart Challenge Heart Hero, your student will learn about heart, brain, and vascular health, meet kids with special hearts and raise funds for all hearts. The use of virtual reality, videos, gaming and more makes learning both interactive and fun. Plus, students can earn P.E. equipment for our school!

The kids heart challenge highlights helping other feel good, daily health challenges, learning hands-only CPR, stress-reducing techniques, and virtual reality experiences. Watch for date announcements from our school.
