September 7, 2022

The ESSER Stakeholders for Windthorst ISD convened on September 7, 2022 in the HS Library at 3:45 pm. The meeting was called to order.

**Continuity of Services Plan/Use of funds**

Darla Tackett reviewed the purpose of the meeting, to engage in meaningful communication with stakeholders in conducting our review of the continuity of service plan that will determine the use of the ARP ESSER III grant funds. The purpose of this grant is to help safely reopen and sustain the safe operation of schools and address the impact of learning loss due to the pandemic.

The committee was given the amount remaining for ESSER III grant. The committee reviewed the what areas the money has already been spent, as well as, the current plans for spending the remaining funds.

The stakeholders also reviewed the current return to school plan. The current plan was reviewed item by item and changes were made if necessary. It was also stated that we will add the CDC link to our document. We concluded that the additional time handwashing, extra disinfecting that has been taking place, and limiting public access may be contributing to the low numbers. We decided that continuing with our current plan will keep us safely in school which is better for student educational outcomes.
