The group is also responsible for completing acts of service for the community and has recently provided breakfast for their teachers as well as organized the Meet at the Pole gathering. This Wednesday they will host a Blood Drive in the PE gym.

### TEACHER FEATURE

*Ryan Karr  
6th Social Studies / 8th Health  
Coaches football, basketball, track, & powerlifting*

Ryan Karr is starting his fourth year in the academic system, with this being his first year working at Windthorst. His previous three years of coaching and teaching were at City View. He has been married to his wife Brooke for a little over a year now. Although not originally from Windthorst, he chose to begin working here because of the community of hard-working people that built this school. Coach Karr does his part in encouraging our students to participate in athletics - letting them know of the invaluable lessons and skills it can potentially teach.

Coach Karr believes athletics reinforces leadership and teamwork skills. He is looking forward to assisting the students and athletes of Windthorst in achieving their goals - both academic and athletic. Welcome to WHS, Coach Karr!
